Canyon Glen Apartments

Property Description

Lucrum Real Estate Group is pleased to present Canyon Glen Apartments, a 24-unit multifamily investment opportunity located at 6944–6954 Coldwater Canyon Avenue in Valley Glen, California. The property consists of three separately parceled, two-story apartment buildings constructed between 1959 and 1960, totaling approximately $\pm 14,908$ square feet on a combined $\pm 28,089$ -square-foot LARD2-zoned site.

The unit mix consists of (23) one-bedroom + one-bathroom units and (1) two-bedroom + one-bathroom unit. This configuration serves a broad renter base and supports efficient management across the three-building community. The property has maintained approximately 92% average occupancy, reflecting stable in-place demand.

Canyon Glen Apartments features a gated residential setting with (25) secured parking spaces, landscaped grounds, on-site laundry facilities, and a swimming pool. The three-building layout creates a low-density, garden-style environment with the possibility to construct several ADU's (Buyer to verify).

The property generates supplemental income from laundry, parking, RUBS, additional rent, and other income sources. Electricity is individually metered, while water and gas are master metered. These existing ancillary revenue streams provide a diversified income profile beyond base apartment rents.

Each building is located on its own individual parcel, creating an uncommon ownership configuration that may provide long-term operational and disposition flexibility. The combined site and three-APN structure may also present future value-creation opportunities, subject to independent verification of zoning, site constraints, parking requirements, and governmental approvals.

Canyon Glen Apartments offers investors the opportunity to acquire a well-occupied, income-producing multifamily asset with a highly rentable unit mix, multiple revenue sources, gated parking, and a substantial land position within the Valley Glen submarket.

Location Description

Canyon Glen Apartments is located in Valley Glen, one of the San Fernando Valley's most desirable residential communities, offering investors a compelling combination of stable tenant demand, central location, and long-term growth potential. Situated between North Hollywood, Sherman Oaks, Studio City, and Van Nuys, the neighborhood provides convenient access to many of the Valley's largest employment centers while maintaining a quieter, suburban character. Its strategic location, combined with relatively attainable housing compared to neighboring submarkets, has made Valley Glen an increasingly attractive destination for renters seeking value without sacrificing accessibility.

The neighborhood benefits from exceptional transportation connectivity. Residents enjoy convenient access to the Hollywood (SR-170), Ventura (US-101), and Hollywood (US-101) Freeways, providing efficient

commutes to Downtown Los Angeles, Hollywood, Burbank, Universal City, and the Westside. Public transportation options, including Metro bus routes and nearby Metro B (Red) Line stations in North Hollywood, further enhance mobility throughout the region. This accessibility broadens the property's tenant pool by appealing to professionals employed across multiple employment hubs.

Valley Glen also offers an attractive lifestyle supported by an expanding collection of retail, dining, and entertainment amenities. Residents are just minutes from popular destinations such as NoHo West, the NoHo Arts District, Westfield Fashion Square, Sherman Oaks Galleria, and Universal Studios Hollywood. The neighborhood is home to numerous parks, schools, and community amenities, while nearby institutions, such as Los Angeles Valley College, contribute to steady housing demand among students, faculty, and staff. These amenities create a balanced live-work-play environment that continues to attract a diverse renter demographic.

For multifamily investors, Valley Glen represents an established market with strong long-term fundamentals. Continued public and private investment throughout the surrounding North Hollywood and Universal City corridors, ongoing residential redevelopment, and sustained demand for well-located rental housing support the neighborhood's outlook. With limited opportunities to develop new multifamily housing in many established neighborhoods, existing apartment properties in Valley Glen remain well-positioned to benefit from long-term appreciation, resilient occupancy, and stable cash flow, making the area an attractive choice for both private and institutional investors.

Overview

Los Angeles, California

The Los Angeles Metro Rail is an urban rail transportation system serving Los Angeles County, California. It consists of six lines, including two subway lines and four light rail lines serving 93 stations. It connects with the Metro Busway bus rapid transit system and also with the Metrolink commuter rail system.

The City of Los Angeles holds many distinctions. L.A. is the entertainment capital of the world, a cultural mecca boasting more than 100 museums, and a paradise of idyllic weather. From tourist attractions like the Walk of Fame's collection of stars (numbering more than 2,614 and growing by one or two a month) to career opportunities like those presented in the expanding tech industry, Los Angeles is the place to be. It is the only city in North America to have hosted the Summer Olympics twice. Downtown L.A. is the largest government center outside of Washington, D. C. Los Angeles has the only remaining wooden lighthouse in the state (located in San Pedro's Point Fermin Park) and the largest historical theater district on the National Register of Historic Places (located Downtown on Broadway).

Los Angeles is on the leading edge of several growth industries. LA County, with more than 87,000 jobs in the fashion industry, has surpassed New York's fashion district workforce. The LA Five-County area also has more than 700,000 people at work in health services / biomedical activities and 190,000 people in aerospace and technology.
